

## **Special Technical Visit to Ordnance Factory Project Korwa Organized**

**Lucknow, September 03, 2026:** The Institution of Engineers (India), U.P. State Centre, Lucknow successfully organized a special **Technical Visit to Ordnance Factory Project Korwa**, a unit of AWEIL, Kanpur, under the Ministry of Defence, Government of India.

The visit was aimed at providing engineers and technical professionals with practical exposure to defence production, modern engineering processes, industrial practices, quality control systems, and advanced technological activities. The participants got an opportunity to observe and understand various technical and industrial activities being carried out at Ordnance Factory Project Korwa.

The programme was organized under the coordination of **Er. Mahesh Chandra (MC), Convener**. During the technical visit, the participants were provided with valuable information regarding the working system, production activities, and various engineering processes of the project. Interaction with officials and technical experts enabled the participants to gain insights into modern technologies and engineering practices being adopted in the defence sector.

The participants were warmly welcomed by **Shri Hitendra Singh, Chief General Manager, Ordnance Factory Project Korwa**, who provided a detailed overview of the activities, functioning, and technical capabilities of the organization. He also highlighted the importance of technical cooperation and knowledge sharing between professional institutions and industry.

During the visit, the participants were given an opportunity to observe various industrial and technical facilities. Experts shared valuable information regarding modern production processes, quality control mechanisms, technical standards, and engineering applications. The participants also interacted with the technical team and received detailed responses to their queries.

Addressing the gathering, **Er. V. P. Singh, Chairman, The Institution of Engineers (India), U.P. State Centre, Lucknow**, emphasized the importance of technical visits in providing engineers with practical exposure to real-world industrial environments and modern technological processes. He encouraged engineers to adopt emerging technologies and innovations and continuously enhance their technical competence.

**Er. N. K. Nishad, FIE, Honorary Secretary**, expressed sincere gratitude to the management and technical team of Ordnance Factory Project Korwa for their valuable support and cooperation in making the technical visit informative and enriching. He stated that such technical visits play an important role in enhancing practical knowledge and strengthening collaboration between industry and professional institutions.

On behalf of The Institution of Engineers (India), U.P. State Centre, Lucknow, sincere thanks were extended to **Shri Hitendra Singh and the entire team of Ordnance Factory Project Korwa** for their warm hospitality, valuable guidance, and for providing an enriching and inspiring technical learning experience.

**Vote of Thanks :**Er. N. K. Nishad, Honorary Secretary, **delivered the vote of thanks and appreciated the efforts of the management and technical team of Ordnance Factory Project Korwa for their cooperation, hospitality, and support in making the technical visit successful and fruitful.**

## Dignitaries Present

- **Shri Hitendra Singh** – Chief General Manager, Ordnance Factory Project Korwa
- **Er. V. P. Singh, FIE** – Chairman, IEI U.P. State Centre, Lucknow
- **Er. N. K. Nishad, FIE** – Honorary Secretary
- **Er. Mahesh Chandra (MC)** – Convener
- Other senior engineers and technical experts

## List of Participants:

- **Er Awadhesh Kumar- Council Member**
- **Er Lakshman Singh- Agra Local Centre**
- **Er G M Pandey- Member**
- **Er Tilak Kumar Manocha- Member**
- **Er Arvind Kumar- Member**
- **Er Radhey Shyam Gupta- Member**
- **Er J B Singh- Member**
- **Er Mahesh Chandra- SCC Member (Convener)**
- **Er K R Ramakant- Member**
- **Er Hitendra Singh- Chief General Manager, Ordnance Factory Project Korwa**
- **Er Ashok Kumar Srivastava- Member**
- **Er Rajesh Srivastava- SCC Member**
- **Er Kalpana Maurya- SCC Member**
- **Er H S Maurya- Member**
- **Er Anil Gupta- SCC Member**
- **Er J S Mishra- Member**
- **Er N K Nishad- Honorary Secretary**
- **Er V P Singh- Chairman**
- **Er S I Anwar- SCC Member**
- **Mr Kripal Singh Bisht- Office Staff**
- **Mr Nanhu- Office Staff**

The programme concluded successfully and was highly appreciated by all participants as an **informative, engaging, and professionally enriching experience**. The technical visit provided valuable practical insights into defence production, modern engineering practices, industrial processes, and technological applications, thereby enhancing the technical knowledge and professional competence of the participants.
