

Er. Ashutosh Dixit

Er. Ashutosh Dixit is a distinguished power sector professional and **Retired Chief Engineer (Transmission), Central Zone, Uttar Pradesh Power Transmission Corporation Limited (UPPTCL), Lucknow**, with more than **three decades of extensive experience** in the planning, construction, operation, and maintenance of Extra High Voltage (EHV) transmission systems across Uttar Pradesh.

During his illustrious career, he played a pivotal role in the development, commissioning, and management of numerous **132 kV, 220 kV, and 400 kV transmission substations and transmission lines**, significantly strengthening the state's power transmission network. Under his leadership and supervision, several major transmission projects were successfully executed in districts including **Lucknow, Ayodhya, Barabanki, Sitapur, Bareilly, Hardoi, Gonda, Gorakhpur, Jaunpur, and Siddharthnagar**.

Known for his technical expertise, project management skills, and commitment to reliable power transmission, Er. Dixit has contributed substantially to the modernization and expansion of Uttar Pradesh's transmission infrastructure. His work has been instrumental in enhancing grid reliability, improving power availability, and supporting the state's growing energy demands.

Even after retirement, he continues to share his vast professional knowledge and experience, contributing to discussions on **power transmission, grid development, energy infrastructure, and the future of the power sector in Uttar Pradesh and India**.
